Tino Kekez

Computer science student, front-end web development

Sinj and Split, Croatia · tinokekez23@gmail.com · tinokekez.vercel.app/en · github.com/tinokekez23

I'm a third-year computer science student in Split. I build websites with HTML, CSS and JavaScript and I'm looking for a student job or internship in IT.

Available for student work and internships

Projects

Arthur vs. the Goblins — 2026

A 2D platformer from my Object-Oriented Programming course. Arthur jumps across platforms, knocks out goblins and makes his way through two levels.

JavaScript, OOP, Canvas, Tiled · tinokekez.vercel.app/en/projekti/arthur

eDnevnik, a school gradebook database — 2026

Database model for a school gradebook from my Databases course: seven tables for students, classes, teachers, subjects, grades and absences, with an SQL script.

SQL, Oracle 11g, SQL Developer Data Modeler · tinokekez.vercel.app/en/projekti/ednevnik

Personal portfolio — 2026

A bilingual site with my CV and projects: static Croatian and English pages built from one data file without a framework, made for phones and screen readers.

HTML, CSS, JavaScript, Node.js, Vercel · tinokekez.vercel.app/en/projekti/portfolio

Daily deals, an online shop front page — 2025

My first HTML and CSS project: part of an online shop front page modelled on eBay, with deals laid out in flexbox, a banner and a four-column footer.

HTML, CSS · tinokekez.vercel.app/en/projekti/daily-deals

Work experience

Warehouse worker, sorting and dispatch — May 2023 – Aug 2023 · 4 mo

HNK Hajduk Split, Split

- Received, stored and issued goods following internal procedures.
- Loaded and unloaded goods with hand trucks and a forklift.
- Kept stock and inventory records.
